ABOUT THE INSTITUTE

People's Education Society College of Engineering popularly known as PESCE was established in the year 1962 by a group of Philanthropists under the excellent leadership of great visionary Late Sri K V Shankare Gowda. This is one of the premier educational institute delivering quality technical education with focus on rural mass. At its diamond jubilee year institute has grown leaps and bounds setting up excellent infrastructure and academic ambience which is very conducive for learning. P. E. S. College of Engineering, Mandya is one of the pioneer grant-in aid institute of Karnataka which is managed by PET @ under the able leadership of present dynamic chairman Sri K S Vijay Anand. Institute has been granted with Autonomy in the year 2008 and presently affiliated to Visweswaraya Technological University, Belagavi. It has accreditation from NAAC and all UG programs are accredited by NBA. PESCE offers nine under graduate programs, four post graduate Engineering programs, MCA, MBA and research degree (MSc by research & Ph D in all streams). PESCE has the distinction of being listed in top 200 colleges of nation fourth time in a row. Recent NIRF-2022 announced by Ministry of HRD has put PESCE at 137th position which is a big accolade to the institute. Faculty of PESCE is involved in academic research extensively resulting in 120+ Ph D degrees from its research center as of now. The Atal Ranking of Institutions on Innovation Achievement (ARIIA) 2021 a flagship program of the Ministry of Education, Government of India has put PESCE in the band "PERFORMER" under the category "Colleges/Institutes (Govt. and Govt. Aided) (Technical)". The testimonial to diamond jubilee journey of PESCE is the alumni who have occupied responsible positions in Govt and Private sectors both at nation and global levels.

ABOUT ICERECT-22

The International Conference on Emerging Research in Electronics and Computer Science & Technology (ICERECT) is a flagship conference of PESCE conducted every three year once collectively by Department of Electronics & Communication Engineering, Computer Science & Engineering, Information Science & Engineering and Electrical & Electronics Engineering since year 2012. ICERECT-22 is fourth in a row. Conference is very relevant to present times providing much needed platform to scientific community. Conference has focus on upcoming technology as well as traditional & prominent technologies. The three conferences in the past has experienced good participation from research community and an average of 110+ papers were presented in each conference. The strong review panel has enabled to maintain standard of the conference with selected to rejection ratio of papers around 1:4.5. The previous conferences witnessed key note lectures by eminent scientists and engineers. ICERECT-22 is looking forward to continue the legacy.
